

# DON'T CLOG WITH

# FOG

fats  
oils  
grease

City of  
**RED WING**

*Prevent clogged pipes and extra maintenance by putting fats, oils, and grease in the trash, not down the drain.*

*Put cooled fats, oils, and grease into your trash bin.*

*Wipe any visible FOG and food scraps from dishes into the trash.*

*Use a strainer in the sink to collect bits of food.*

*Encourage others to keep FOG out of the drain and our sewer system.*

*Pour FOG down the drain.*

*Put food scraps down the drain.*

*Pour liquid food products (dairy products, syrup, gravy, batter, etc.) down the drain.*

*Run water over greasy dishes, pans, or fryers.*

*Use chemicals to remove grease clogs; they can damage pipes.*

*Rely on a garbage disposal to get rid of grease.*
